

L2/3 Microcircuit Organization — Yao et al. 2022

A Soma distribution in L2/3 microcircuit volume

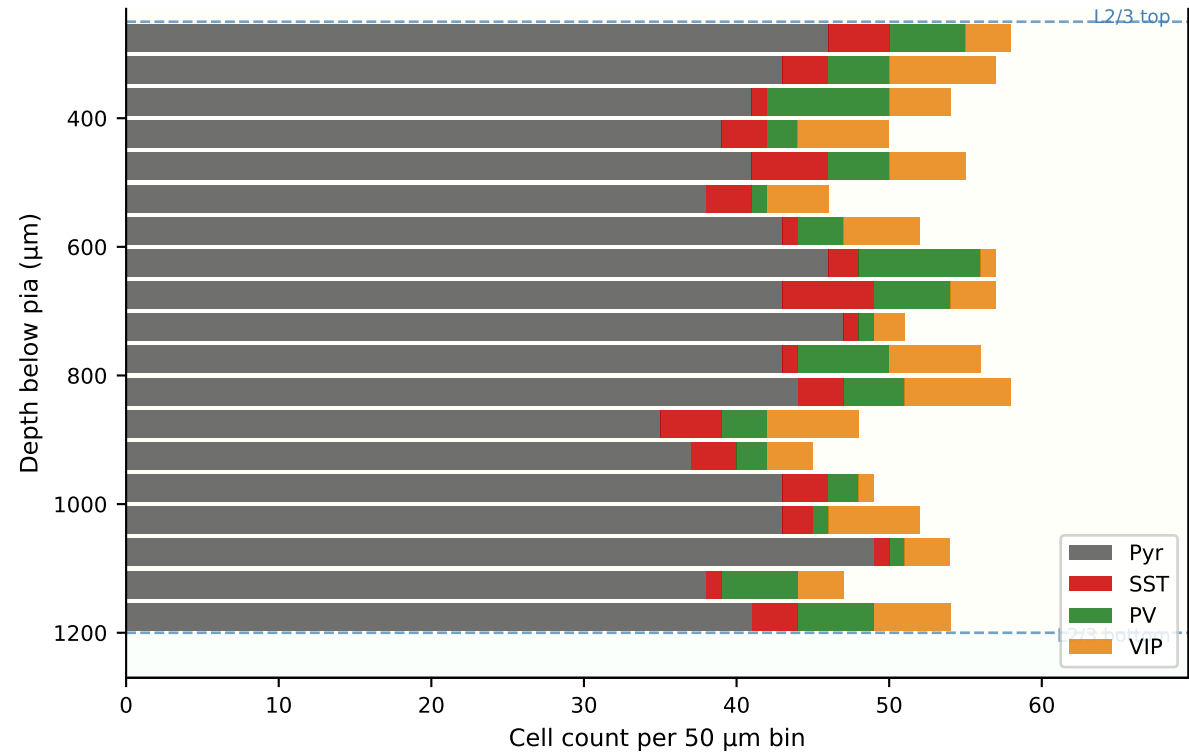

B Population composition

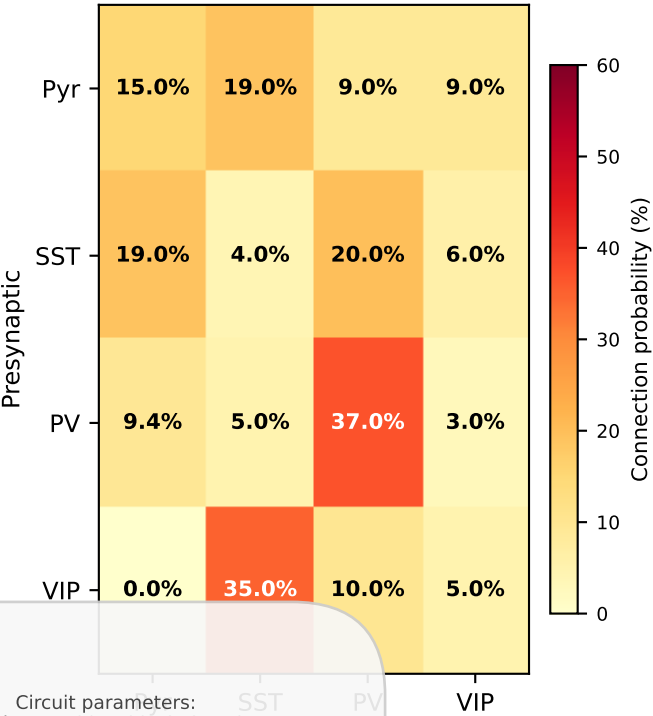

Total: 1,000 neurons

C Depth distribution

D Connectivity matrix (connection probability %)

Circuit parameters:
Volume: 500x500x950 μm^3
Depth: 250-1,200 μm below pia (L2/3)
N = 1,000 neurons
E/I ratio: 80% / 20%
dt = 0.025 ms | T = 34°C

E Circuit connectivity schematic
